

WILLIAMSBURG, WHITLEY COUNTY.

—The fiscal court of this county is in session.

—The afternoon train Sunday killed a mule for Paris Williams.

—The frosts have come in earnest and everything has assumed the appearance of fall.

—Miss Richardson, of Terre Haute, Ind., and Miss Stevers, of Lexington, were the guests of Miss M. M. Tutt last week.

—The Commercial Hotel came near burning Saturday. The fire was discovered before it got any headway and was extinguished.

—Mr. and Mrs. Frank Smith have returned from a visit to relatives in Ohio. Miss Alice O'Mara has gone to Washington, D. C., to visit her aunt.

—Judge H. H. Tye, of this place, and Miss Lila Johnson, of Elizabethtown, were married at that place Tuesday evening and will be at home to their friends in Williamsburg in a few days.

—Work will be begun in a few days to rebuild the Kentucky Lumber Co.'s saw mill that burned the first of August. It will not be as large as the old mill, but with the improved machinery will do about the same work.

—We thought the I. J. man always kept up with the times, but we saw an article in last Tuesday's issue about Gov. Hogg, of Texas, trying to stop the prize fight. Gov. Hogg has been an ex-lo! these many months now.

—Mr. J. H. Francisco, our efficient assistant P. M., spent last week in Rockcastle county. Mr. A. R. Dyche, of London, and W. H. Clark, of McKee, republican candidate for State Senator, were Monday. Mrs. Mary O'Mara and Mr. H. A. Baker are in Louisville.

—Our schools opened this Fall with the most flattering prospects they have ever had. Our people are waking up to the realization of the need of an education and are using every means to give their children the advantage of the opportunities placed before them.

—Col. W. O. Bradley spoke here Tuesday. The court house was well filled, but the crowd was nothing to compare with what the party managers expected. The attendance from the country was small and gave evidence that there is not as much interest being taken in the race as the republicans would like to see, but every effort will be made between now and November to bring out the voters.

—After a very pleasant visit and trip with the press gang to Hopkinsville, Atlanta and other points of interest, we are glad to be at home once more. The press had a most delightful trip and received a most hearty welcome along the line of their journey. The Exposition is not complete yet, but there was much to be seen and the managers did their best to show us every place of interest and did all in their power to make our stay in their city pleasant.

He Maketh His Enemies to Praise Him.

Editor D. E. O'Sullivan was so surprised that Gov. McCreary greeted him cordially, after his years of abuse of him that he straightway went and printed the following in his Critic. Our Congressman is a born gentleman and never lets small matters turn him from the middle of the road he has selected to use through life.

No man in Kentucky or out of it has been a more persistent opponent of Congressman McCreary than I have. Whenever he has offered for the Senate I have never failed to express the unfavorable opinion I held of his efforts at statesmanship. At times, I must confess, it seemed that I had some personal grievance against him, but often in the heat of conflict, one's pencil goes a little deeper under the cuticle than was intended. At any rate, what I started out to say was, that I met Gov. McCreary the other day, and there was nothing in his pleasing smile, warm handshake and cheery manner to indicate that I was not his bosom friend. When a man gets the art of politics down to such a fine basis, I must tip my hat to him. If I had been in Gov. McCreary's place, I should neither have been so courteous nor considerate. The secret of the governor's popularity is now an open book to me. He keeps the even tenor of his way in spite of criticism and assault, and whatever happens he never loses his gentlemanliness, that is part of his nature.

At last there is a revenue surplus in sight. The September tariff and internal revenue receipts will exceed the demands upon the treasury by \$3,175,040. There is not much doubt that the revenues hereafter will be sufficient to meet the expenditures, in spite of the excessive pension payments and the extravagance of the last Congress in appropriations. When that becomes the habit of the revenues there will no longer be a gold-reserve problem to deal with.

—An afternoon paper published at Paducah a day or two ago stated in connection with a funeral that "all the absent children were present at the services."

HUBBLE.

—Eubanks Bros. sold some 1,200 lb. steers to J. E. Bruce at 3½ and 4c.

—A. C. Carman and Brent Barnett sold some 900 lb. steers at 3½ to J. C. Eubanks.

—The last wheat sales were made in this settlement by Dunbar, Hubble and Prewitt to Marksbury at 63c.

—Robert Oostott and wife and Mrs. Laura Johnson and daughter have returned to their home in Illinois.

—Hog cholera has appeared in Tom Rankins' lot and he and Spencer Hubble shipped together Thursday morning.

—Crit Eubanks has bought the Speed Peyton farm of 60 acres on Dix River, near Joseph McClary's, at about \$25 per acre.

—Nelson Hix, who has been working in the shop here with Arthur Land, has gone to Danville to accept a job in a shop there.

—Dr. Herring reports Mrs. Wesley Sutton dangerously ill of diphtheria, together with other diseases, which are worrying her more or less.

—Mr. Fields, E. Pennington and Henry White all suffered considerable loss of tobacco by frost Monday night. About three acres was Fields' loss and others not so much.

—Tom Terry has been listing the property in this community for a few days and he says there will be no taxable property except land to pay tax on this year and that the horse and mule factories will have to suspend business on account of low prices.

—Dr. Kinnaird was called to see Jim Green's child a few nights ago, which was feared had diphtheria, but on examination was pronounced not and we are glad to state to the public that no families have had it appear in them for 10 days. It will be remembered that Mrs. Wesley Sutton has had two previous cases in her family, which no doubt is the origin of her case now.

CRAB ORCHARD.

—The series of meetings at the Christian church closed Wednesday night. Much good was done. On the last night Rev. Snodgrass delivered a lecture on his work while in the foreign field.

—About noon Wednesday our people were alarmed by the ringing of bells and cries of "Fire!" All hurried to the residence of Mr. Dillion, the roof having caught from the flue. Men mounted to the roof and extinguished the flames before much damage was done.

—The Stanford and Crab Orchard base ball teams crossed bats at the grounds here Wednesday afternoon. The game was called at the end of the 8th inning on account of darkness. The score stood 26 to 27 in favor of C. O. Because the game was not played to a finish, Stanford wanted to claim it by forfeiture, but it was so dark a batted ball could not be seen at all and it would have been worse than folly to have continued the game longer.

—Miss McClure, of Champaign, Ill., Misses Mamie and Lula McClure and Miss Cochran, of Paint Lick, spent the latter part of last and the first of this week with Mrs. A. H. Bastin. Mrs. Mary Dunderar is visiting her father, Mr. Pate Parrish. Miss Altie Marksbury, of Lancaster, is at Crab Orchard Springs. Mrs. T. A. Gresham, of Lancaster, and Mrs. F. L. Clifford, of Bluefield, W. Va., are visiting friends here. Mr. Will Myers left Monday for Cincinnati to take a course in dentistry. Miss Mattie Beazley, who has been very sick, is better.

MT. VERNON, ROCKCASTLE COUNTY.

—The Aid Society met with Mrs. W. M. Poynter Thursday.

—The sanctificationists are holding a meeting at the court-house.

—The sheriffs left Wednesday night with four prisoners for the penitentiary, Capps and Proctor, white, Esley Lackey and Tom Modrell, colored, sentences ranging from 2 to 10 years.

—Mrs. James Robinson is out from Middleboro visiting relatives. Mrs. James Maret, who has been quite ill, is somewhat better. Mr. Milton Miller, Jr., is quite ill. Mr. and Mrs. Brack Graves are guests of Mrs. M. J. Miller. Mrs. M. C. Williams visited Crab Orchard last week.

—The flag raising was attended by a large number of our citizens, who enjoyed the exercises so well prepared for their entertainment. The children had been well trained by Prof. Pierce and Miss Lucille Joplin. Mr. R. G. Williams treated the audience to a fine oratorical effort in presenting the flag. Rev. J. M. Walton replied in fine vein; Mrs. J. W. Nesbitt read a paper adapted to the subject in which all were interested and the band closed the exercises by playing in its finest style a patriotic air. The flag of stars and stripes now floats over the school house on the hill.

If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by Craig & Hocker, Stanford, Ky.

MIDDLEBURG, CASEY COUNTY.

—A large delegation will go from here to Liberty to hear Wat Hardin speak on the 7th. Everybody here is for Wat, even the negroes—I guess.

—Rev. W. E. Foster went to Louisville Monday to enter the Theological Seminary. He will return and preach at the Baptist church on the 2d Sunday in October.

—E. A. Greer and Miss Lucinda Goodman will be married Thursday at Mr. Abbie Lanham's. Another wedding will take place in this section soon. Don't all guess at once.

—Rev. M. A. Middleton has been engaged in a meeting for the last 10 days at Grove. It is reported that at the outset of the meeting, he denied report that was current here, that he had embraced the doctrine of sanctification, and characterized the writer as a "devil," because we said some weeks ago that he "had it" (sanctification). After making these statements he went on and conducted the meeting after the fashion of the new craze, and Sunday night preached a sermon in support of the delusion in which he took us to task again. After stating his subject and position upon it, he then said that a nest of hornets had been stirred up and he wanted to settle them. And turning round facing the writer, said with great emphasis and seemingly with fire in his eyes, "Now publish me in that dirty little sheet sent out from Stanford if you want to do so," and continued to refer to me occasionally throughout his discourse. Now it matters not with us what Bro. M. believes or preaches, he must admit that we have always treated him kindly and we think he had a very small provocation for getting upon his hips. We have always reported his meetings in this section in the columns of the "dirty little sheet" as he terms the Interior Journal, and have praised whatever effort he made along the ministerial line, and can not but feel that his discourse Sunday night delivered in a bad spirit did much more harm than good, especially to his much cherished delusion, sanctification. Now we do not know whether Bro. Middleton is sanctified or not, but these statements are before the people and they can judge as to how much sanctification he has and as to its quality.

THE PACING KINGS.—The defeat of Joe Patchen and Fido by John R. Gentry in phenomenal time at Dubuque, Ia., on the 25th shows that the little stallion is at himself again and makes more uncertain the great race amongst Robert J. John R. Gentry, Joe Patchen, Guy and Coleridge at Lexington, Wednesday, October 9th. With favorable weather the track will be in record-breaking condition and we shall be surprised if neither Robert J. nor John R. Gentry breaks the race record of 2:02½, as the Lexington track is lightning fast and in better condition this year than ever before. In fact it has no superior in America, and it will be worth going thousands of miles to see such horses on such a track. The cheap excursion rates to Lexington will enable thousands to see what they will probably never have another opportunity to witness, as both Gentry and Patchen will be retired to the stud next year.

—The Interior Journal says that democrats cannot afford to deliver the State to the republicans because Mr. Hardin prefers to dictate rather than be dictated to. The remark calls out the sorrowing anger of the Louisville Post which does not think the I. J. has stated the whole case against Mr. Hardin. That is a matter for settlement between the two editors but may the question be permitted to be put to both: Can the democratic party afford to deliver Kentucky to the republican party because of anything? Can the democratic party afford to deliver any State over to the republican party? Is there anything in the history of the republican party which warrants the belief that under its administration Kentucky would be bettered?—Covington Commonwealth.

DEMOCRACY OUT \$4.—Those very clever gentlemen, but physical and political dyspeptics of the Appendicitis Club, Messrs. J. M. Atherton and B. Winchester, marched out of the democratic ranks in six solid newspaper columns, with drums beating, bugles blowing and flags flying, leaving behind them vacancies that a couple of two-dollar substitutes can fill as nicely as the fatted calf fills the bicycle hose. Vanity of vanities, all is vanity, saith the preacher and all the people cry "Amen."—Louisville Times.

The Maine editor who perpetrated the following is entitled to the front seat in the galaxy of liars: "A Dillsboro man went into his cow stable the other night and by mistake mixed the cow up a nice mash in a box full of sawdust instead of bran. The cow, supposing the hard times were the cause of economy, meekly ate her supper and the man never discovered his mistake until next morning, when he milked the cow and she let down half a gallon of turpentine, a quart of shoe pegs and a bundle of lath."

—The Atlanta Exposition will not be open on Saturdays.

LANCASTER, CARRARD COUNTY.

—The subject of Elder George Gowen's discourse Sunday will be "The Seven Wonders."

—Miss Annie Robinson entertained six couples Tuesday evening at her pretty home on Lexington street at 6 o'clock dinner.

—Heavy frosts fell here Monday and Tuesday night killing all of the late vegetables and injuring the tobacco crop a great deal.

—Remember it is to-night that the Baptists give their church "social" at Dr. Herring's. Refreshments are to be served for 25c.

—The remains of Mr. J. S. Higgins, who died in Louisville, were brought to this place Monday and interred in the Lancaster Cemetery. Mr. Higgins was a brother of Mr. John Higgins, a former resident of this place.

—On Monday Price brothers delivered the cattle they recently sold to Messrs. Foster and McAlister, of Lincoln, consisting of 19 head averaging 1,050 lbs. Robt. L. Elkin sold 20 head to the same parties which averaged 1,177 lbs.

—The residence of Mr. Homer Tinsley about four miles of Lancaster on the Sugar Creek pike was entirely destroyed by fire early Wednesday morning. Most all of the furniture was consumed with no insurance on either it or the house.

—The alarm of fire was given Wednesday morning and as usual a large crowd of people soon gathered. It was readily discovered that the residence of Mr. Robert Kinnaird was on fire. The flames were soon extinguished without much damage having been done.

—Invitations were received Tuesday by Dr. J. W. Grant and family to the marriage of their cousin, Miss Gertrude Grant, a handsome young lady of Pulaski, Tenn., to Mr. Albert Berry Bayless, of Nashville. The wedding will occur at the home of the bride's mother, Oct. 16. —Mr. R. E. McRoberts' dwelling is about completed and is so much improved that it has the aspect of a city residence, with its modern windows, balcony and other late improvements. It will be heated by a furnace and will have many of the late conveniences not found in village homes.

—Work has commenced in earnest on the new Methodist church. A number of hands are now busy at work tearing down the old brick building preparatory to the erection of a new, modern edifice upon the site of the old one. \$1,800 or more have already been collected for the beginning of the work. It is the desire of the Methodists to erect a \$4,000 structure.

—On Tuesday, Rev. Francis Marion Hill, and Miss Godby, of Perryville, were united in the holy bonds of wedlock at the residence of the bride's parents, by Rev. J. R. Godby, father of the bride. The newly wedded couple left at once for Lancaster, accompanied by a shower of congratulations, and will board for a while with Dr. and Mrs. B. F. Walters, but will go to house-keeping very soon. Rev. F. M. Hill has been the pastor at the Methodist church here and at Bryantsville the past year and was returned by the district Methodist conference for the ensuing year.

—Miss Enoch, of Somerset, is the guest of Misses Sallie and Mattie Elkin. Mr. Jake Joseph and J. W. Sweeney, Jr., have returned from the cities where they purchased a supply of dry goods. Mrs. J. E. Stormes and Mrs. John M. Logan were in Danville Wednesday shopping. Mrs. A. H. Price, Mrs. Louis Landrum and Misses Altie and Bessie Marksbury are all sojourning at the Crab Orchard Springs for the benefit of the Misses Marksbury's health. Mrs. Jennie Ballou, of Madison, is the guest of her parents, Mr. and Mrs. Joseph Francis.

HARD TO PLEASE.—Tams Bixby made a little excursion into the country recently in the northern part of the State, and while driving along met a farmer leaning over a fence and listening to the wheat grow.

"Mighty good crop," suggested Bixby, with animation.

"Well, fair—just fair," drawled the farmer in reply.

"Great deal better crop" than it was last year," responded Bixby.

"Yes 'tis some better," admitted the farmer reluctantly.

"What do you think the yield will be?" inquired Bixby, bringing the conversation to a sharp point.

"Well, about 25 or 30 bushels an acre," came in mournful tones from the farmer.

"Great heavens! Don't you call that a good crop?" asked Bixby.

"Yes, fair," replied the despondent farmer, "but it's mighty wearing on the land."

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and positively saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Craig & Hocker, Druggists, Stanford, Ky.

—Rev. William Hinshaw was convicted at Danville, Ind., of the murder of his wife.

W. P. WALTON.

HON. BOYD WINCHESTER has followed the Hon. John M. Atherton in a pronouncement against democrats voting for Hardin, which they say they would not do for a crown, since the democratic candidate for governor will not yield his convictions for one, although he holds the commission of the party which has expressed itself against those convictions. Fortunately these gentlemen, while they may be exceedingly erudite and capable of demonstrating a point in language so high-falutin that the average reader can not see it, are not in touch with the rank and file and have little in common with the boys in the trenches, consequently their influence does not extend a great ways outside of the Pendennis Club in Louisville, of which they are bright and shining members. One can not read the four column effusion of Mr. Winchester in the Post and not be effected to tears in his effort to pronounce the jaw-breaking words and in trying to catch on to the metaphors and similes, which the writer has ransacked ancient and modern lore, sacred and profane history to present. As part proof of the stilted, pedantic style of Mr. W's article, we present this extract selected at random. He is trying to show, dear reader, that it is scarcely worth while to note the contention made by after-thought that the financial plank of the State platform is not a sound money declaration and this is the way he says it: "This antipathetic achievement reaches a pitch of moral idiosyncrasy and peculiar woodenness or purliness of intellectual vision that it requires not so much argumentative refutation or censure as medical treatment." This is as clear as mud and if he wants to make votes against Hardin among the common people, his address ought by all means to be scattered among them. They wouldn't know what he is driving at exactly, but they would imagine that he was making some awful charges against him. Descend from your altitudinous equine, dear Boyd, and tell us all about it in plain, every day United States.

HON. RUBY BOYD, after wrecking two women's lives, causing one to commit suicide and the other no end of trouble has ended his miserable career. He was found dead in bed at his home in Paducah, and it is supposed that he committed suicide. His weakness for women and wine blasted a life that might have proved of good to his fellow-man, for he was unusually bright and very popular. Several months ago he braced up and professing religion, threw aside the law and retired from the candidacy for the Legislature to become an evangelist. He assisted Rev. Fife for a time and then went to St. Louis, where he preached for awhile. But his fondness for liquor soon overcame him and meeting an evil woman he fell by the wayside. This woman threatened to send his wife some letters he had written her and it is thought that that had something to do with his death. He was a son of Congressman Linn Boyd, who was a big man in his day in his section of the State, and was himself repeatedly honored by his constituency.

Gov. Brown is aping Gov. Culbertson. He swears by the Eternal the proposed prize fight between Murphy and Griffin, booked for next Monday night, shall not come off if he has to call out the State militia to stop it. Getting hot in the collar he denounces such contests as "a disgrace to our civilization, an insult to the Christian and decent sentiments of the age, and an outrageous violation of law." He accordingly issued a proclamation calling upon the mayor of Louisville and all peace officers in Jefferson county to enforce the law, but the mayor is not so excited over a mere "sparring match for points," though he promised to look up the law and see if it would be a violation to permit it. Meanwhile it is dollars to doughnuts that the fight goes on.

The Courier-Journal says that in no case, money or no money, can Senator Blackburn get more than 35 votes in joint ballot and that he has not now and never has had the slightest show for reelection. It is to be hoped that the C.-J. speaks by the card. It would be a National calamity to return Blackburn to the Senate. The paper further says that the speeches of ex-Gov. McCreary are doing a world of good. Gov. McCreary thoroughly understands the issue and the record, and puts both with clearness and power. He is meeting great audiences and everywhere is making votes against Blackburn and for the State ticket.

The Louisville Post, which has a penchant for protesting against most everything, protests against Col. Billy Breckinridge being permitted to speak in the name of the democratic party to the people of Louisville. Editor Knott doesn't think that he is the proper person to teach the people, because he has not yet sufficiently atoned for his sins. The colonel's clarion notes are still worth thousands of votes and if he is willing to sound them there is no need of objection.

COL. W. G. WELCH, of this place, has taken his pen in hand and in a few lines addressed to Hon. John M. Atherton, through the columns of the Louisville Times, shows how badly wrong a good man may get when, like the Louisville distiller, he kicks out of the party traces and becomes a bolter. The colonel argues that there is nothing to prevent sound money democrats from voting for Hardin and drives home this point, which we have all along tried to force, that the one tremendous issue of the pending election is whether the domestic affairs of a great State, affairs nearest of all to the hearts of its citizens, the making and administrations of its laws; the assessment, collection and disbursement of its revenues; the control of its schools and charitable and penal institutions, shall be taken from that party which mainly represents its intelligence and conscience and which mainly pays its taxes, and turned over to the republicans, and to a fate which the history of similar experiments in the South does not leave in doubt. The colonel pays Gen. Hardin a fine compliment for his loyalty, courage and capability and closes by saying that the democrat who fails to vote for him or who refuses to vote at all, tamely surrenders his highest civic privilege, and distinctly sacrifices his principle to gratify his spleen.

The republicans of Pulaski advertised the coming of Bradley far and near and arranged for him to speak at the fair grounds to 5,000 people, but not over 500 appearing, the disappointed leaders had their chieftain to orate in the court-room, which it appears was plenty large for the crowd. His speech was practically the same as delivered elsewhere and judging by the enthusiasm it produced his desire expressed at its close will not be realized by a jug full. Said he, "I desire to carry Pulaski by a substantial majority and will be satisfied with nothing less than 2,000 votes as such majority. I am proud to inform these people where I was born that I will be the next governor of Kentucky, and will carry the State by 20,000 majority."

The Lexington Leader has already published the program for the inauguration of Col. Bradley as chief executive. This counting the chickens before they are hatched is an uncertain business and the Leader is liable to be fooled. Kentuckians are not ready to turn the State over stock, lock and barrel to the republicans, and we will bet Bro. Roberts doesn't believe they will either.

GEN. BUCKNER is suffering from the usual failing of age—garrulity. He is after Gov. McCreary again and plainly shows in an interview that he is not so much for the good of the democratic party as he is for the defeat of McCreary. Go to, General, you have fought a good fight and have nearly finished your course, so the people will excuse you from further troubling.

AFTER an eventful career in war and in peace, Gov. Mahone, who did more to demoralize the voters of Virginia than any man who ever lived by holding to them the specious plea of repudiation, is about to pass in his checks. He was stricken with paralysis a few days ago at Washington and can not recover.

A MUTUAL friend writes us from Rockcastle not to be too hard on Brer Smith. Bless his dear soul, we do not intend to be hard on him. We like Smith better than anybody almost and stir him up simply for the fun of the thing and because like a powder house, he is always ready to explode.

MATRIMONIAL MATTERS.

—Evangelist Combs' meeting at Richmond closed with 61 additions.

—Richard Lancaster, who is only 87 and Mrs. Eliza Cook, just 59, were married at Georgetown.

—South Carolina's constitutional convention adopted a section forbidding the granting of divorces for any cause whatever.

—W. D. Murphy, just 21, and Miss Clara Horton, 18, both of the Kingsville section, were married at Pleasant Point church Wednesday.

—Mr. Blanton Hayden, of Nebraska City, Neb., and Mrs. Rebecca Mills, of Todd county, Ky., were married Wednesday. He is 89, she 65.

—Five hundred men have answered an advertisement of a Chinaman in California offering a fortune to any reputable white man who would marry his daughter. The Chinaman is said to be a myth.

—Dr. J. F. Edgar, of Lexington, was arrested at Memphis Tuesday for perjury. He is accused of swearing to a false statement in order to procure a divorce from his wife, whom he deserted with her six children about a year ago.

—Invitations have been issued to the marriage of Miss Mayme Brewer, of this city, to Mr. J. McKenzie Moss, of Bowling Green, Oct. 17th. Miss Brewer is one of Danville's prettiest and most popular young ladies and her departure from this community will be regretted by many friends.—Advocate.

—Judge Russell Houston died of old age at his home in Louisville, Tuesday. He had been chief counsel of the Louisville and Nashville for a quarter of a century and was the only person who ever held that office. He also served the road one time as its president, away back in the '60s.

CHURCH AFFAIRS.

—The Rock River Conference of Illinois has declared in favor of admitting women as delegates to the General Conference.

—The Louisville Conference at Madisonville adopted a resolution declaring the use of tobacco an evil, and recommending that all members abstain from the use of it.

—There were 108 matriculants at the opening of the Southern Baptist Theological Seminary at Louisville. The Presbyterian Seminary began with 65 students present.

—Rev. F. J. Cheek, the popular pastor of the First Presbyterian church in this city, has accepted a call from the church at Ludlow, and will preach his farewell sermon in Paris next Sunday.—Paris News.

—Elder Sweeney's sermon on bicycles and women in bloomers drew a packed audience. Some came with the expectation of hearing something bordering on the sensational, but this is a style Elder Sweeney does not indulge in. It was a timely topic, presented in a plain common sense manner, and did not in the least detract from pulpit propriety and caused many to look upon bloomers and wheels in a new and proper light, which doubtless will be remembered and heeded with much profit by many of the large audience.—Paris Kentuckian.

—The Northern Methodist Conference at Covington adjourned to meet next year at Vanceburg which beat Pineville 40 to 25. The appointments of this section are: Middleburg, Fred Grider; Pulaski circuit, H. D. Barrett; Somerset, E. B. Hill; Barbourville, Daniel Stevenson; Barbourville circuit, John Thomas; College Hill, J. F. Kelly; Corbin, C. S. Markin; Highland to be supplied; London circuit J. F. Hopkins; Pineville, W. H. MARSHAL NEWLAND'S boy having recovered, he will now proceed to collect the dog tax or exterminate the brutes. The latter is preferable to those whose nights are made hideous by their howls and barks.

HON. CHARLES FINLEY, republican nominee for secretary of State, will speak here county court day. Mr. Finley is said to make many wild statements and it is likely a democratic orator, who is well posted, will answer him.

THE Stanford team went to Crab Orchard Wednesday afternoon and played a game of ball with the nine of that place. At the ninth inning when the score stood 26 to 25 in favor of the Crab Orchard boys, a dispute arose and the game was called. The umpires gave the game to the Stanford club.

At the suggestion of Chairman G. B. Cooper, of the campaign committee, Major Norman has appointed Judge T. L. Shelton, J. T. Embury, J. S. Owsley, Jr., and E. C. Walton to assist him in swinging the old county of Lincoln back into the democratic column and they are going to use their best efforts to that end.

DRY.—Persons who have lived in the section for 50 years or more tell us that they have never seen Cedar and Logan creeks so dry or Dix River as low as it is now. The beds of the two former streams are dusty in many places, while the river has about ceased to run. It is mighty hard to get stock water anywhere now and the prospect gets worse.

POLLING THEM.—Chairman Godfrey Hunter, of the campaign committee, has issued instructions to his henchmen to poll every voting precinct in the State and ascertain how each man will likely vote. A more thorough or persistent campaign was never made by any party. It never sleeps and every son-of-a-gun of them will be at the polls. Let the democrats bestir themselves or bitter defeat may await us.

THE court of claims was in session two days, but could not get through with the 1,587 presented and had to adjourn until to-day. There never was such a lot of them, but they are mostly for small amounts. They run from 31 cents to \$600, the latter being the jailer's claim. The poor house bill is much less than usual, owing to the paupers being supported outside of the institution. It foots up \$446.30. The next largest claim is by M. D. Elmore for \$447, merchandise furnished paupers by order of the county judge.

A SUMMER coon by the name of Middleton, of whom we never heard before that we remember, showed his assassin's at Grove the other night, by abusing this paper and its Middleburg correspondent, because both it and him are opposed to the new fangled sanctification business. The Rev. Middleton shows by his remarks published elsewhere in this issue, that he is about as capable of understanding any religion as a hog is of comprehending a holiday. He is not the first little pismire who has tried to jump on this paper, only to be glad to jump off as soon as possible.

SOME time ago Mr. A. M. Feland had a man arrested for trespassing on his premises, who at his trial was discharged by Judge Davison, who thought that the grand jury would not indict him. Mr. Feland thought the decision a very unjust one and in a letter to the editor, which is too long for our crowded space, expresses his views of that kind of an administration of the law in general and of Davison and County Attorney Paxton in particular. He doesn't think he can get justice from them and although he has other cases will let them go. The officers say there was nothing in the case heard that they could see and did not want to put the county to additional cost for a prosecution that could not amount to anything.
